# Members' comments

*"An impressive mix of people and a great place to engage with new customers.*

*For a small company, such as Prisma, it is important to get some visibility on the market. The BCC's 15th anniversary was a great opportunity for Prisma to make ourselves known to all the members of the BCC.*

*We wanted to do something special with our sponsoring, something that people would remember next time they'd come across our name. We believe we achieved this goal."*

**CAROLE MILTGEN**, Managing Director, Prisma.

*"A great place for frank and informed feedback from the international business community."*

*"I have found that speaking at a BCC event and above all listening to and responding to the participants' questions is one of the most effective ways of getting to know the issues that concern people from a wide variety of business sectors in Luxembourg."*

**JEANNOT KRECKÉ**, Minister for the Economy and Foreign Trade Luxembourg.

*"With our Luxembourg presence we are keen to play an active role in the community across schools, colleges and businesses.*

*We joined the BCC because it is a good platform for achieving interaction with the business community, extending the network effect of Skype.*

*We are already participating in some of its technology related events and look forward to a long and fruitful collaboration."*
