

Do you know the mobility Programme MobiliseSME?

The general objective of the European **MobiliseSME programme** is to support **short term cross-border secondments for employees, managers and/or (co-) owners**, in particular from small and medium companies (SMEs).

These secondments help the **sending companies** to develop the skills and capacities of their employees and managers, and the **hosting company** can enhance its business opportunities by establishing new contacts in other European markets and by strengthening the already existing partnerships.

WHO CAN PARTICIPATE?:

- **Sending companies:** Employers with more than three years of professional work experience and staff working at least for one year for the registered SMEs.
- **Hosting companies:** Owners or co/owners with more than three years of professional activity, who are active and present in the company's daily business activities, either in an executive or non-executive position.

MobiliseSME is an European mobility exchange programme for SME staff co-coordinated by The Official Spanish Chamber of Commerce in Belgium and Luxembourg and co-financed by the EC.
