

LSB receives Ministry accreditation for new Bachelor program

April 15, 2024

Luxembourg School of Business is pleased to announce that the Ministry of Education has accredited our new [Bachelor's degree in International Business](#)! We are now busy interviewing and selecting candidates to start in September 2024.

This will be a three-year program at our [accredited business school](#) (see full list of schools on this link) and upon completion of the studies and internship, the student will receive a Bachelor's degree of 180 ECTS.

Our program also welcomes transfer students who have finished their first two years (such as BTS programs) to join directly in the third year. This third year is a dual training program, so working and studying at the same time (similar to France's "Stage alternée" format). These transfer students gain paid experience by **working four days a week** with the employer, attending classes on Fridays, and completing their Bachelor in one year.

If you are interested in more information about LSB's dual training program or the Master's level Internship program, please contact us at career.center@luxsb.lu.
